PRESIDENT'S MESSAGE

The Many Ways We Serve

Hello, Lions!

Just like we are all a little unique (or maybe even *a lot* unique) so is the way we serve. We are so diverse as Lions, and the people we serve are equally diverse. How I approach my service is based on what I saw my father do as a Lion and what my town needs from me today. How you approach service will be based on your background and what is needed in your community. And this is one of the many things I love about Lions. Having many ways in which we approach the world is a tremendous asset.

Lions have so many different special skills and attributes that make what we do special. And I absolutely love seeing how each and every one of you put your strengths to good use—especially when it is in service of one of our global causes or the local causes you serve.

Whether it's using your carpentry know-how to build ramps for those in wheelchairs or putting your party-planning chops into high gear to put together the perfect fundraiser, your unique approach to service is the core of our strength as a global service organization.

When you're a Lion, you can really be *you*. Take it from me, someone who's always just a little bit outside of the box. Be your amazing selves, Lions, we're stronger for it.

Yours in service,

Brian E. Sheehan

Brian E. Sheehan
